

# TRUMP 2.0

reading group

This is an informal reading group. We will follow the Trump 2.0 syllabus assembled by historians N. D. B. Connolly and Keisha N. Blain. "The course explores Donald Trump's rise as a product of the American lineage of racism, sexism, nativism, and imperialism. It offers an introduction to the deep currents of American political culture that produced what many simply call "Trumpism": personal and political gain marred by intolerance, derived from wealth, and rooted in the history of segregation, sexism, and exploitation." Open to all students, faculty, and staff.
